## CAREER EXPERIENCE

### LEAD TUTOR - SCIENCE AND ENGINEERING CLUB

OCTOBER 2023 - PRESENT

NATIONAL SATURDAY CLUB (MANCHESTER METROPOLITAN UNIVERSITY - UK)

- Facilitate a series of interactive STEM workshop sessions, engaging young club members with hands-on projects that foster a deep understanding of Science and Engineering concepts.
- Lead initiatives using Micro:bits to introduce club members to Coding and STEM, enhancing their skills through practical, project-based learning experiences.
- Leveraging existing university resources to seamlessly integrate my program into an expansive network of outreach and engagement opportunities for club members.
- Engaging members in hands-on learning by constructing projects with Tinkercad and Scratch software, introducing them to the fundamentals of 3D modeling and software development.
- Overseeing the monitoring and evaluation of the club's performance, effectively utilizing available resources to optimize outcomes.
- Providing mentorship and guidance to Club co-facilitators, recruited through RISE, to assist in program delivery and empower them to conduct their own sessions with my support.
- Leading the club group on a trip to London for an annual showcase at Somerset House. This event serves as a platform to celebrate and showcase everyone's STEM work in a professional environment.

### FRONTEND DEVELOPER

APRIL 2023 - OCTOBER 2023

OUTSOURCE GLOBAL TECHNOLOGIES LTD (FCT - ABUJA, NIGERIA)

- Wrote clean, efficient, and maintainable code by utilizing appropriate programming languages and frameworks, ensuring high performance and compatibility.
- Successfully refactored existing code-bases from other programmers, addressing software issues with effective troubleshooting and solution implementation to enhance system reliability and functionality.
- Actively participated in daily online and weekly physical team meetings, engaging in brainstorming sessions and contributing to knowledge-sharing activities to foster a collaborative and innovative work environment.
- Collaborated closely with senior developers and team members to thoroughly understand project requirements, facilitating streamlined development processes and meeting critical deadlines.
- Tested and validated applications and software systems to ensure robust functionality and user satisfaction before and after deployment into production environments.

<b>FREELANCE FRONTEND DEVELOPER</b>	<b>DECEMBER 2022 - SEPTEMBER 2023</b>
MILANTIAWEBS (LONDON - UK)	
<ul style="list-style-type: none"> <li>● Collaborated closely with clients to understand their needs, define project scope, and collect essential information, ensuring clear alignment and understanding throughout the project lifecycle.</li> <li>● Executed comprehensive testing across all stages of website or application development to identify and rectify bugs, inconsistencies, and performance issues, ensuring a high-quality final product.</li> <li>● Fostered effective collaboration with designers and key stakeholders to guarantee a unified and successful implementation of the project, aligning all components with the strategic goals.</li> <li>● Specialized in developing and customizing Shopify themes to reflect the client's brand identity and design preferences, utilizing HTML, CSS, JavaScript, and Shopify's Liquid templating language for precise and engaging results.</li> <li>● Configured and optimized Shopify store settings to enhance functionality and user experience, ensuring a seamless integration of all features and capabilities.</li> </ul>	

<b>FRONTEND DEVELOPER (CONTRACT)</b>	<b>SEPTEMBER 2022 - DECEMBER 2022</b>
DEEP TECHNOLOGIES LTD (FCT - ABUJA, NIGERIA)	
<ul style="list-style-type: none"> <li>● Developed a robust FinTech loan and ecommerce application, leveraging frontend technologies to create a seamless user experience and efficient functionality.</li> <li>● Delivered engaging presentations to clients, effectively showcasing project features, benefits, and value proposition, resulting in successful project acquisitions.</li> <li>● Skillfully refactored a complex code-base developed by another programmer, improving code quality, readability, and maintainability while optimizing performance.</li> <li>● Actively participated in code reviews and provided constructive feedback to fellow developers, improving overall code quality and fostering a culture of continuous learning and improvement within the development team.</li> <li>● Stayed abreast of the latest frontend technologies and industry trends, proactively recommending and implementing innovative solutions to enhance the company's web development processes and maintain a competitive edge.</li> </ul>	

<b>FREELANCE FRONTEND DEVELOPER    CONTENT WRITER</b>	<b>MARCH 2020 - AUGUST 2022</b>
IKYKEMEDIA BRANDING CONCEPTS (ANAMBRA - NIGERIA)	
<ul style="list-style-type: none"> <li>● Evaluated the client's needs and recommended the most suitable CMS platform based on factors such as scalability, flexibility, ease of use, and specific project requirements.</li> <li>● Assisted clients in organizing and managing their website content within the CMS. This includes creating pages, adding images and videos, and optimizing content for search engines.</li> <li>● Tracked and analyzed social media metrics, such as post engagement, click-through rates, and follower growth, providing insights to optimize future content strategies and improve performance.</li> <li>● Extended the functionality of the website by integrating and customizing plugins or widgets available within the CMS. This may include contact forms, galleries, social media feeds, e-commerce functionality, and more.</li> <li>● Wrote engaging and compelling social media posts that align with the brand's voice, ensuring they resonate with the target audience.</li> </ul>

## VOLUNTEER HISTORY

---

### AFRICA TECHNOLOGY EXPO

SPARK AFRICA (ABUJA - NIGERIA)

- Event Registration and Guest Reception: Actively managed the front desk at the Spark Africa Technology Expo 2023, efficiently handling the registration process and distribution of identification tags and promotional materials to attendees.
- Guest Services Coordination: Assisted guests and attendees by providing guidance and ensuring they found comfortable seating, enhancing their overall experience and satisfaction with the event.
- Event Planning and Organization: Contributed to the planning and execution of the Spark Africa Technology Expo, participating in strategic meetings and collaborating with team members to ensure the event's success through meticulous preparation and organization.

### QWASAR SILICON VALLEY

OURSOURCE GLOBAL SOFTWARE ACADEMY (ABUJA - NIGERIA)

- As a Guardian Intern during my internship program, I supported fellow interns at the academy by troubleshooting their coding issues and providing clear, actionable guidance on how to resolve these challenges effectively.
- I was tasked with leading several daily stand-up meetings, where I actively listened to the progress updates of team members, offering advice and suggesting practical solutions to any problems they encountered.
- I participated in the quality assurance process for software developed by other interns, providing constructive feedback on enhancements and recognizing noteworthy achievements.

---

## ACHIEVEMENTS

---

### Rochdale Creativity and Careers Event

- Engaged and Inspired Youth: Served as an exhibitor at the Creativity and Careers Event, introducing over 500 Year 9 pupils to the exciting field of software engineering and demonstrating potential career paths in the tech industry.
- Professional Networking and Mentorship: Collaborated with over 50 professionals from diverse creative sectors, offering insights and career advice to young attendees, and building a network of industry contacts.
- Promoted Informed Decision-Making: Played a key role in helping students make informed decisions about their GCSE choices by sharing real-life career pathways, qualifications, and personal experiences in the tech industry.
- Showcased Real-World Applications: Demonstrated practical applications of software engineering through engaging activities and presentations, helping students understand the relevance of creative subjects in technology-driven careers.

### Codespac Tutors

- Inclusive Education Advocate: Spearheaded initiatives at CodeSpac to welcome and train individuals at all levels of expertise, from novices to more experienced learners, ensuring comprehensive skill acquisition and professional growth.
- Personalized Student Engagement: Emphasized a personalized approach in student interactions, adapting teaching methods to meet the diverse needs of individuals and enhancing the learning experience.
- Immersive Learning Environment: Contributed to creating an engaging and immersive educational environment that merges virtual learning with real-world applications, significantly enhancing the educational experience at CodeSpac.
- Practical Skills Development: Facilitated hands-on learning experiences, guiding students through real-life projects that enhance their web development skills and contribute to a professional portfolio.
